SPECIAL GUEST: CHEF ROME

Chef Rome is a master craftsman in the kitchen and a celebrity in his own right. For more than twenty years, Chef Rome has shared his popular 'southern meets gourmet' twist on cuisine with celebrities, and dignitaries. Chef Rome's many attributes earned him the role as featured chef for the Obama's second Inaugural Ball.

Chef Romes impeccable reputation solidified positions with various public figures such as Colin Powell, Shaquille O'Neal, Lamman Rucker, Priscilla Presley, Star Jones, Nancy Kerrigan and Cam Newton.

Chef Rome's charisma and culinary talents have been featured on the Food Network's "Extreme Chef" as well as the U.S. Army series "I've Got Skills" on ESPN. He has appeared six times as a celebrity chef at the prestigious Epcot International Food & Wine Festival.

Along his culinary journey, Chef Rome has maintained a sincere desire to help educate and empower young professionals in the field. In 2000, he started Chef to the Stars, a chef placement service that has placed more than 75 top chefs in celebrity homes.

Enjoy an evening of recognition and celebration, honoring those in the community who have made an impact in the health equity of African Americans within West Michigan.
